God's Work Through Our Hands

As of November 30, 2019, pledges and one time donations to our *God's Work Through Our Hands* capital campaign have resulted in \$882,738 pledged with \$612,828.40 received and interest earned. This is a significant achievement as roughly 70 percent of the funds pledged have been collected to date.

Another huge milestone was met in early December when proposals from our liturgical consultant and architect for the interior renovations and narthex were submitted to the diocese for formal review by the bishop, liturgy office and building commission. Although there is no set "time frame" for the diocese process, once approved our architect can begin developing detailed specifications so the project can be sent out for bids.

With 2019 rapidly coming to a close, if you haven't made a campaign pledge or donation – it's not too late. Forms are available at the church entrances and end of the pews and may be dropped in the collections basket or the parish office.

Prayer

All powerful Father, source of all beauty and truth, You have built the Church on the Apostles and have made your Son the unshakable cornerstone. We have discerned your will and You have blessed us with the means to become your co-workers in the Sacred Heart campus revitalization. Our desire is to spread your kingdom to all Catholics, former Catholics and non-Catholics throughout Gladwin County. May the Holy Spirit guide our daily progress to its successful fruition as we joyfully and sacrificially do your work through our hands. We ask this through Christ our Lord. Amen.
