God's Work Through Our Hands

Quarterly updates are being mailed to all households that have pledged to our *God's Work Through Our Hands* capital campaign. As of December 31, 2019, \$887,825 has been pledged and \$630,468.95 received and interest earned which is roughly 71 percent of the total. In December proposals from our liturgical consultant and architect for the interior renovations and narthex were submitted to the diocese for formal review by the bishop, liturgy office and building commission. Once approved, our architect will develop specifications so the project can be sent out for bids. Thank you for your continuing prayerful and financial support and patience as the project moves forward.

Prayer

Gracious God, with thankful hearts we pray for courage to willingly sacrifice our time, talent and treasure. Together with You and the Saints who have gone before us, help us build a community where all are welcome and Your Love may dwell. May Your Holy Spirit open our minds and hearts to a greater awareness and deeper appreciation of Your countless blessings. We ask this in the name of our Lord, Jesus Christ. Amen
